

Name of centre: Children's Hospital Zagreb, Klaićeva 16, 10000 Zagreb, Croatia

Department/team: Department of Pediatrics, Referral Center for Pediatric Gastroenterology and Nutrition

Introductory text: Children's Hospital in Zagreb has established IF team since 1989 and currently takes care of approximately 20 children on long-term home parenteral nutrition (PN). We serve as the referral center for the whole Croatia and neighboring countries. We provide home PN training for parents of children newly diagnosed with IF and we monitor children on home PN at our outpatient clinic.	
Lines/repair kits used:	Most frequently we use Broviac catheters. Repair kits are available. The pediatric surgeons are experienced regarding in placing and repairing long term central lines.
